James Tressel was an American college football player and later coach and administrator who is currently the President of Youngstown State University. Before becoming an administrator, Tressel was the head coach of the Youngstown State Penguins and later The Ohio State Buckeyes in a career that spanned from 1986 until 2010.

James Tressel became the ninth president of Youngstown State University in July 2014 and has been busy moving the campus forward on many fronts ever since. Under Tressel's leadership, enrollment increased for the first time in five years and the university attracted its most academically-accomplished freshmen class ever.

During his tenure as Ohio State's 22nd head football coach, Tressel's teams competed in three BCS National Championship Games, and his 2002 squad won a national title, achieving the first 14-0 season record in major college football since the 1897 Penn Quakers.

The numbers on Jim Tressel are as straightforward as the man himself. 229 career wins; nine national title game appearances; six Big Ten titles; nine bowl game appearances; and national championships in 1991, 1993, 1994, 1997 and 2002. Add nearly an .820 winning percentage with the Buckeyes; 133 players earning Ohio State degrees during his tenure; and the most academic all Big-Ten selections in the conference each of his years as coach.

Pretty simple to see why Ohio State football was successful with Jim Tressel at the helm. Simple, too, to unravel the man in the sweater vest, who likes hot coffee, mowing the lawn and a good cheeseburger (no onions). While fans fantasize the pomp and circumstance surrounding one of the most accomplished figures in college football, Tressel is much more "what you see is what you get."
